Art Unit: 1731

## **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Walter Douglas on Friday, December 16, 2005.

The application has been amended as follows:

## IN THE CLAIMS:

In claim 1, line 5, after "halide", delete "capable of precipitating silver or copper halide".

2. The following is the Examiner's statement of reasons for allowance: The closest prior art of record fails to teach or reasonably suggest a method for manufacturing a polarizing glass article which includes ion-exchanging of silver or copper metal onto the surface of the glass article <u>after</u> cooling and shaping a glass batch into a glass article, but <u>before</u> subjecting the glass article to elevated temperatures to precipitate silver or copper halide crystals, stretching the article to elongate the crystals in the direction of stress, and exposing the elongated glass to an oxygen-deficient atmosphere to reduce some of the silver or copper halide crystals to silver metal. Therefore, the claims are allowable over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Application/Control Number: 10/057,221

Art Unit: 1731

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dionne Walls Mayes whose telephone number is (571) 272-1195. The examiner can normally be reached on Mon-Fri, 7AM - 4:30PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Steven P. Griffin can be reached on (571) 272-1189. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
